HORRIBLE TRAGEDY IN JACKSONVILLE

Father Killed by His Own Son in One of the City's Suburbs.

JACKSONVILLE, Fla., Jan. 23.—It seems that murders will never cease in this well policed city. Last night William O. Bethea, a young man 22 years old, was locked up on the charge of murder, and the most horrible part of the tragedy is that young Bethea is charged with murdering his own father, George Bethea.

The facts learned yesterday afternoon seem to show the crime to have been premeditated, although the young man believes that he was justifiable in committing the dreadful act. Later developments may prove differently, but from the information obtainable last night from eye witnesses it strongly appears that it was done in cold blood.

George Bethea was a carpenter and resided at 596 Delmer street, near Highway avenue, in the western section of the city. His wife and son resided in the same house, and it was in the family home that the quarrel which led up to the killing is alleged to have started. The younger Bethea worked with his father as a carpenter up to last Saturday night, but this week he had done no work, he claiming that he could not get along with his father.

From what was learned last night the story of the killing is as follows: The elder Bethea returned to his home shortly after 5 o'clock yesterday afternoon, after finishing his day's work on a house that he was working on in Highway avenue.

When the father returned home he had some unpleasant words with his son, and the boy left the house and walked several doors to 626 Delmer street, to where his sister resided. It was stated by witnesses that young Bethea carried a shotgun with him when he left his father's home, and it was with this shotgun that the father was killed.

The younger man went to his sister's home and went into the house. The father followed closely and had opened the gate and started into the home of his daughter when he was shot down by his own son. The sister and daughter, evidently knowing that trouble was brewing, ran to the front door of her home and pleaded with her father not to enter. The father continued walking towards the steps of the veranda when the younger Bethea stepped out and pointed the shotgun point blank at the father he pulled the trigger. The load of shot took ef-

fect in the stomach and the man, after walking back a few feet to the sidewalk, fell to the sidewalk dead.

The boy then came from the house and after looking upon the form of the dead man turned away, but was caught by R. L. Smith, who was nearby when the killing occurred. Mr. Smith took hold of the boy, who protested strongly, but Mr. Smith felt it was his duty to deliver the boy to the authorities and he held him until the arrival of Policeman Goodwin, who took him in charge and sent him to police headquarters in the patrol wagon.

When police headquarters was advised over the telephone of the killing several officers were dispatched to the scene, among them Detective W. B. Cahoon. The detective investigated the matter and learned the facts as stated above. The detective also learned that young Bethea had been carrying the shotgun throughout the day, and it is alleged that he had made threats against his father.

Young Bethea was seen in his cell at police headquarters shortly after the killing by a Times-Union reporter, and at first the young man refused to discuss the tragedy, claiming that he was in no humor to discuss the affair last night. He finally consented to give his version of the trouble, which, in part, is as follows:

The prisoner said that his father came home at noon yesterday and proceeded to curse his mother for many vile names. He says he told his father he should not act as he did, when the father turned upon him and cursed him.

The young man claimed that several weeks ago he caught his father in company with another woman, and he had reproached him for it, and that his father remarked at the time that he would kill him the first opportunity he had. He also told of the father coming home yesterday afternoon and renewing the quarrel.

Young Bethea says that when he went to his sister's home he went there to avoid trouble, and denies that he carried the shotgun to the house with him, although several witnesses will testify to the effect that he did.

His only reason for killing his father is that he was advancing towards the house when his sister had asked him not to enter. He did not appear to realize last night the sad predicament that he had placed himself in.

Death of Mrs. McCaa.

From Sunday's Daily Sun:

Mrs. B. B. McCaa of Norfolk, Va., died at her home yesterday after suffering for the past few weeks of typhoid-pneumonia, and her relatives in this city were at once notified. She is well remembered in this city, her father being Gen. Lang, and her numerous friends throughout this section will be surprised to hear of the demise. The burial will occur at Tallahassee, where her remains will be placed along side those of her mother.

Removed to Miami.

Mrs. J. W. Cannon and family left yesterday for Miami, which city they will make their future home. Mrs. Cannon has been a resident of Gainesville practically for the past fifteen years, but believing that she would be better enabled to pursue her trade as dressmaker she has gone to that city and also to join her son, Theodore, who holds a position there.

WEST END PEOPLE ARE A HAPPY LOT

SOLD COTTON AND HAVE THE CASH IN THEIR JEANS.

That Section Suffered Very Little from the Low Prices, as No One Was Caught.

The farmers of the western part of the county are a happy set, having cause to congratulate themselves on disposing of their cotton early in the season.

From parties who have been in that section for the past week the reporter was informed that the low prices on the staple had effected them but very little, as nearly all of them sold early and got the cream of their product off before the rapid decline in price.

As a result it is said that the farmers and business interests in that section of the county were never in better shape, and as a consequence all have money and are happy. This good state of affairs is particularly noticeable to Collector Dickinson and Assessor Colson, who report that their success in that section was splendid and the people crowded around them to pay up their taxes at every place visited.

Hunters Return.

From Sunday's Daily Sun:

W. S. McDowall and E. K. Fagan, two of the hunting party now encamped in the famous Gulf Hammock, returned to the city yesterday and report having had a delightful trip. They succeeded in killing a great number of small game, but nothing in the deer line had been bagged up to their departure.

GRAND MASTER MASSEY APPOINTS DEPUTIES

Admission of Fourteen New Lodges Made It Necessary to Create Twenty-Third District.

JACKSONVILLE, Fla., Jan. 23.—Following the adjournment of the eightieth annual communication of the Most Worshipful Grand Lodge of Florida, Free and Accepted Masons, Thursday night, yesterday witnessed all outgoing trains from the city bearing prominent members of the fraternity back to their respective homes in all parts of the State. Although the Grand Lodge had adjourned, the Grand Lodge officers were kept very busy throughout the day giving attention to unfinished business.

Grand Master Louis C. Massey announced the appointment of district deputy grand masters and standing committees. On account of the admission of fourteen new lodges, one more district has been created, making a total of twenty-three districts in the State.

District Deputies.

The district deputy grand masters are as follows:

First District—J. M. Flinn, Pensacola.

Second District—John Neel, Westville.

Third District—Paul L. Thompson, Quincy.

Fifth District—C. L. Leggett, Greenville.

Sixth District—A. D. Putterbaugh, Branford.

Seventh District—W. D. Mann, Sanderson.

Eighth District—William Lake, Starke.

Ninth District—John D. Grether, Jacksonville.

Tenth District—W. M. Cannon, Palatka.

Eleventh District—W. B. Higdon, Gainesville.

Twelfth District—N. I. Gottlieb, Ocala.

Thirteenth District—T. Picton Warlow, Orlando.

Fourteenth District—George F. Pad-dison, Eau Gallie.

Fifteenth District—H. D. Hunt, Bushnell.

fore Justice Carlisle on Saturday and fined \$25 and costs, which was promptly paid by his employer, and he will return to his work, but be good hereafter. He was charged with assault, the warrant having been sworn out by his wife.

Card of Thanks.

Mr. and Mrs. W. B. Crown desire to thank their many friends of Rocky Point and Gainesville who were so kind to them during the illness and subsequent death of their little daughter, and for the handsome floral decorations presented at the funeral services.

St. Petersburg's city directory, for 1909, indicates a total population of 4,971 residents, an increase of 20 per cent over last year. This does not include any of the great crowd of tourists now in that little city. A municipality which is growing at a rate that promises to double the population every four years is "doing it self proud."—Times-Union.

Twenty-second District—C. R. Warren, Blountstown.

Twenty-third District—Lamar G. Carter, Mayo.

Fourteen New Lodges.

Acting upon favorable report of the committee, charters were granted to fourteen new lodges in the State as follows:

Eugene Lodge, Eugene, Lafayette county.

Sutherland Lodge, Sutherland, Hills-boro county.

New Hope Lodge, Holt, Santa Rosa county.

Athena Lodge, Athena, Taylor county.

La Espanola Lodge, Tampa, Hills-boro county.

Ybor Lodge, Ybor City, Hillsboro county.

Trenton Lodge, Trenton, Alachua county.

LaCrosse Lodge, LaCrosse, Alachua county.

Anchor Lodge, Key West, Monroe county.

Hastings Lodge, Hastings, St. Johns county.

Pinneta Lodge, Pinetta, Madison county.

Bascomb Lodge, Bascomb, Jackson county.

Winter Haven Lodge, Winter Haven, Polk county.

The addition of these fourteen lodges made it necessary to form the twenty-third district. There are now 186 subordinate or particular lodges represented in the Grand Lodge.

The trustees of the Masonic Home and Orphanage announced that nearly \$15,000 had been raised for erecting and maintaining a home and orphanage, and that prospects were bright for adding materially to this sum during the year. Although it is expected that three years will have elapsed before actual work of constructing the home and orphanage is begun, yet the committee will work earnestly to secure as great amount as possible during the interim. As soon as the debt of the Masonic temple is cleared, the Grand Lodge will turn its attention to erecting the home and orphanage. Several fine sites have been offered the Grand Lodge for the purpose, and it is likely that one of the offers will be accepted at some early date.

The eightieth annual communication has taken its place in history as having been the largest attended and most successful meeting of the Grand Lodge in the history of the fraternity in Florida.

Mystic Shrine.

Following the usual custom of meeting each year just after the Grand Lodge's communication, the Shrine held forth yesterday afternoon and last night. A business session was commenced at 3 o'clock in the afternoon and lasted until dark. A number of important matters were profitably discussed and action taken in some.

At night a party of about fifty candidates were initiated into the mysteries of the Shrine. The novices got possession of the secret pass words of Morocco Temple, "Mene, Mene, Tekel, Upharsin," and were given the razzle-dazzle, shooting the chute from the roof of the temple to the cellar. After passing through the "Valley of the Shadow of Death," the candidates were confronted with the handwriting on the wall at his Satanic Majesty's Oriental Feast. They were then raised seven flights of stairs to the nobility. Illustrous Director Clarence S. Hammett and Sir Giles Overreuch in their respective places.

SEA ISLAND COTTON WAS QUIET AND FIRM

SAVANNAH, Ga., Jan. 23.—The Sea Island cotton market the past week has ruled firm, with a fair demand, mostly for the highest grades. The medium and lower grades participated but very little in the request, and high grades are relatively scarce. Quotations are unchanged from last week. Full choice was quotable at 16@16½c, but mostly nominal. The market closed quiet and firm, with a good deal of inquiry still noted.

Sales for the week were 1,616 bales. The following prices are based on factors' quotations and are revised weekly on Fridays:

Fancy Georgias	19 @20

GAINESVILLE AERIE OF EAGLES ORGANIZED

OFFICERS ELECTED FOR ENSUING YEAR.

New Order Has a Membership of About Ninety—Jacksonville's Team Will Initiate the Boys Soon.

The Gainesville Lodge of Fraternal Order of Eagles was successfully launched at the meeting on Wednesday night, when officers were elected to serve for the coming year.

There are in the neighborhood of ninety members on the charter list of the order, which promises to be among the leading secret organizations of the city, as it has a large following in all cities where the order is generally known.

The following officers have been elected for the year: W. A. McNally, P. W. P.; S. M. Davis, W. P.; B. M. Heckard, W. V. P.; H. J. Dempsey, W. S.; W. T. Gill, W. T.; O. C. Tousey, W. Con.; W. L. Denham, W. C.; N. H. Thomas, I. G.; M. F. Smith, O. G.; Dr. J. H. Colson, W. Physician; Trustees: J. I. Blake, A. W. Sargent and W. G. Richardson.

Jacksonville's working team of the Eagles will be invited over to initiate the boys into the mysteries of the order, and it is expected a large crowd of the Ocala "buzzards" will also come up to see that nothing is left out of all that is due the local aerie. The installation will take place upon the arrival of the charter, which will be here in about ten days, and arrangements are already under way to give one of the swellest banquets ever served at one of the hotels complimentary to the visiting team.

Alpha Delta Tau Organization.

Among the newest organizations in the city is a local Greek letter fraternity, organized by eight of Gainesville's popular young people on December 11th, 1908, at the home of Miss Irene McCreary. Those who constitute the roll of charter members are: Misses Colson, Futch, Fennell, McCreary, Sadler, Walker, Whetstone and Vidal. The membership will be enlarged by the addition of several other young ladies, and Alpha Delta Tau is destined to become one of the most popular societies in the city. The meetings are held twice a month and will prove to be very interesting and beneficial to members.

Wednesday night, at the home of Mrs. J. E. Futch, 601 E. Church street, the Alpha Delta Tau's gave what might be termed their "debut reception."

About thirty were present to partake of their hospitality. The house was beautifully decorated in gold and white, the colors of the club, and red roses were in profusion. Delightful punch was served by Miss Eva Futch. At a late hour a delicious salad course was served, after which the guests departed with best wishes for Alpha Delta Tau.

FIVE CASES BEFORE MAYOR YESTERDAY

TWO OF THEM TAKEN UNDER ADVISEMENT UNTIL MONDAY.

James Copeland, Charged With Fighting, Was Discharged, as Was Henry Beasley, for a Plain Drunk.

From Saturday's Daily Sun:

The largest audience assembled at Mayor's court for some time was that of Friday, when it was expected that interesting and sensational testimony would be introduced.

James Copeland, disorderly conduct, was discharged. Marshal Arnow was compelled to tell him with his billy, as the man showed fight when approached by the officer, mistaking the officer for one of the young white men with whom he had been engaged in a bandy of words.

The case of Peter Shakespeare, charged with being disorderly, was taken under advisement until next Monday, when Mayor Davis will render his decision.

The case of Al Tousey, also charged with disorderly conduct, was taken under advisement until Monday.

The above two cases are watched with much interest, as it is alleged that Shakespeare used a knife and stabbed young Tousey at the carnival grounds on Thursday night.

Young Hicks was given two dollars and costs for using obscene language on the streets.

Henry Beasley, a plain drunk, was discharged, but warned not to appear before the mayor again on this charge.

COUNTY STEEL VAULT IS NOW COMPLETED

BOOKS AND PAPER NOW PLACED IN PROPER PLACES.

Most Complete and Handy File of Any Vault in the State and Will Suffice for Years.

The Alachua county new steel vault is now completed and is one of the neatest and best to be found in the State.

Besides the room in the new structure being more than doubled, the safety in case of fire is better, as the structure is of steel throughout.

All of the books are placed in the lower section of the vault, and instead of them being only on one side of the place, as heretofore, they are all around the room.

Neat compartments for the filing of valuable papers are also extended all around the room and reach the top of the walls, each compartment bearing the number and initial of the papers that are wanted, and which can easily be found by the index system.

The finishings are all in oxidized brass and present a pleasing and substantial appearance. Everything will be neatly taken care of with the exception of the tax books, and there is no compartment large enough to accommodate these unless the commissioners have places arranged under the table.

This light work will give them the best facilities of any place in the State for the proper handling of all the important papers and books, and the commissioners are to be commended on buying this new steel vault.

MINNIE RHODES CON-
FESSES TO PURCHASE

OF TOOLS WITH WHICH PRISON-
ERS EFFECTED THEIR ESCAPE.

Step-Daughter of Thornton Bought
the Tools from Baird Hardware
Co. at Instance of Thornton.

(Bronson Times-Democrat.)

We made mention last week of the
arrest of I. D. Thornton (out under
bond) and Minnie Rhodes, his step-
daughter, charged with aiding B. G.
and S. B. Brooks, two United States
prisoners, to escape from the Levy
county jail.

After Thornton's removal to Kanap-
sha Sheriff Walker came in posses-
sion of two letters written by Isaac
Thornton, while in jail, to the girl
telling her to go to Gainesville and
buy the tools and that Spencer
(Brooks) would give her the money.

Minnie, who is a frail girl of some
sixteen or eighteen years, has made
a full confession to the officers. She
says she bought the saws from the
Baird Hardware Co. in Gainesville
and carried them to her father in the
bosom of her dress when she carried
him his dinner which had been her
daily custom for some time.

The letters referred to were found
by James Cobb. Minnie is not con-
fined in the county jail but is in the
custody of the sheriff. She gave bond
Thursday.

Thornton waived a preliminary
hearing and Judge Friedman fixed
his bond at \$300, which the prisoner
said he would have no difficulty in
giving. The girl's bond is \$100.

OFFICERS SEVERAL YEARS.

Wanted in Georgia for Stealing and
Was With Large Gang That
Worked Several Cities.

From Friday's Daily Sun:

Deputy Sheriff Winn of Newberry
arrived in the city Thursday with Jesse
Johnson, a negro wanted for lar-
ceny in Georgia.

Johnson was a member of a large
gang, that had successfully worked
Georgia towns and was considered
one of the ringleaders. He had been
convicted but made his escape, and
has for the past few years been at
liberty, continuing his practice at va-
rious times.

The negro was wanted by the au-
thorities of Waynesborough and of-
ficers from that place have been noti-
fied by Sheriff Ramsey.

This is a valuable catch by the
deputy and it is supposed that some
reward is offered for the apprehen-
sion of the man.

The Pure Food Law.

Secretary Wilson says: "One of
the objects of the law is to inform
the consumer of the presence of cer-
tain harmful drugs in medicines." The
law requires that the amount of
chloroform, opium, morphine, and
other habit-forming drugs be stated
on the label of each bottle. The man-
ufacturers of Chamberlain's Cough
Remedy have always claimed that their
remedy did not contain any of these
drugs, and the truth of this claim is
now fully proven, as no mention of
them is made on the label. This
remedy is not only one of the safest,
but one of the best in use for coughs
and colds. Its value has been proven
beyond question during the many
years it has been in general use. For
sale by all druggists.

A Great Change.

A. F. Scott of Hague was in the city
yesterday. In passing the handsome
dry goods store of The G. W. Hyde
Company, on the corner of East
Main and Liberty streets, he remark-
ed to the editor of The Sun: "This
does not look like it did in the eigh-
ties, when McCreary & White had
their printing office up stairs on this
corner, does it, Mc?" "I should say
not," was the editor's prompt response.
The building which then occupied the
lot was an old wooden structure, and
in its place now stands one of the
handsomest pressed brick buildings,
with glass front on two streets, to be
found in the State.

In speaking of the success of this

it would be only a matter of a short

great big thing for the members of
the company, composed largely of
Gainesville people.

THE G. W. HYDE COMPANY

IS THERE A WAR CLOUD IN THE JAP QUESTION?

Fortifications Are Urged of San Pedro Harbor to Protect the Pacific Coast.

WASHINGTON, D. C., Jan. 22.—The Japanese legislation question in California was discussed at conferences yesterday between President Roosevelt and Senators Flint, Fulton and others. The President urged the necessity of the California Congressional delegation using their influence as fully as possible against legislation that might be resented by Japan.

The President talked cautiously with some of his visitors. He went so far as to say he thought nothing pending in Congress nor any of the differences between himself and Congress were of half the importance of the Japanese-California question.

Although talking with great deliberation and care the President still recognized the existence of a deeply founded antagonistic sentiment to the Japanese in California and the wisdom of placating that sentiment so as to end the agitation with as little delay as possible.

Government's Figures Incorrect.

Senator Flint and other Californians have told the President pretty plainly that while they are willing to help they do not place much confidence in the figures of the Government as to the decreasing numbers of Japanese in this country. "The facts dispute figures," they declare, and add that the Japanese are taking possession of whole towns.

The President advised his California visitors that he would like to see a fair trial given to the promises of the Japanese to decrease the number of their citizens in this country, and if this trial shows that there is no decrease then he will no longer use his influence, even after he goes out of office, to prevent hostile legislation.

WASHINGTON, D. C., Jan. 22.—The fact that there was recently sent Congress by President Roosevelt, a report by the general staff of the army, which became public yesterday, recommending fortifications for San Pedro harbor, California, was made

the basis for suggestions that such decision had just been reached in view of a possibility of trouble with Japan.

At the War Department this inference was given most explicit denial. There it was said that the general subject of the improvement of San Pedro harbor had been under consideration more than two years, beginning before there was any thought of any dispute between the United States and Japan. It was taken up as a natural military problem involving the necessary protection of the Southern California coast from foreign invasion and without reference to any particular country, or enemy.

The defense of San Pedro was considered just as that of other harbors on the Pacific or on the Atlantic coast would be.

Los Angeles Valley in Danger.

As a purely naval base the general staff thinks that San Pedro offers to an enemy considerable advantages, its uses for this purpose being with a view to operations against other points of the Panama canal.

The general staff's argument in this connection assumed that an enemy is coming from the Orient, and the statement is made that so far as location is concerned San Pedro would be a good base for an enemy to operate against our Pacific Coast.

Under the head of "Ease of Conquest," the report says, "Recent study discloses the fact that, assuming there were no effective naval opposition, a certain oriental power could, within a month of time of its hostile intentions began to be even strongly suspected (a formal declaration of war would no doubt come a good deal later) land on our Pacific Coast an expedition of an estimated maximum of about 100,000 men, and that such a force could be augmented by the end of two months, to a total of possibly 300,000. The ease with which San Pedro harbor unfortified and through it the entire Los Angeles country, could be seized, is apparent."

HON. LOUIS C. MASSEY IS NEW GRAND MASTER

JACKSONVILLE, Fla., Jan. 22.—After the election of officers and the exemplification of the Master Mason degree, the eightieth annual communication of the Most Worshipful Grand Lodge of Florida, Free and Accepted Masons, came to a successful close last night.

The third day's session doubtless proved the most interesting of the three-day communication. The Grand Lodge was called from refreshment to labor by the grand master, with officers and members as at previous sessions, and with prayer by the grand chaplain.

Routine business was immediately taken up and then came profitable discussions upon several subjects most vital to the interests of the fraternity in Florida.

Dr. Yerger, the grand orator, delivered a very interesting address, which was greatly enjoyed by all present. Upon motion, the thanks of the Grand Lodge were extended to the grand orator for his excellent and interesting address, and he was requested to furnish a copy of such portions of the address as he deemed proper for publication in the annual proceedings.

The committee on memorials, the committee on returns and credentials and other committees made reports.

The election of officers then took place, the grand master appointing two tellers to conduct the election. The custom of advancement prevailed, Grand Master E. E. Haskell retiring after serving two terms in office.

The result of the election was as follows:

Deputy Grand Master, Albert W. Gilchrist, Tallahassee.

Senior Grand Warden, George B. Glover, Monticello.

Junior Grand Warden, Cephas L. Wilson, Marianna.

Grand Treasurer, Henry Robinson, Jacksonville.

Grand Secretary, Wilbur P. Webster, Jacksonville.

Grand Chaplain, W. B. Y. Wilkie, Dunedin.

Grand Orator, H. S. Yerger, Clearwater.

Senior Grand Deacon, James H. Crane, Tampa.

Junior Grand Deacon, George H. Marshall, Apalachicola.

Senior Grand Steward, Charles H. Ketchum, Key West.

Junior Grand Deacon, J. R. H. Cooper.

Grand Pursuivant, J. M. Samuel, Crest View.

Grand Tyler, John W. Capper, Jacksonville.

At the night session the new officers were installed with appropriate exercises.

Following the installation of officers, the Grand Lodge committee on work exemplified the Master Mason degree in a most interesting and impressive manner.

The eightieth communication of the Grand Lodge then came to an end.

At 3 o'clock this afternoon the Shriner's will hold a business meeting, and tonight the annual meeting will be held. Prominent Shriner's from other States are here to attend the

No cultivation is necessary for the castor plant, and the harvesting is a very easy matter.

Tobe Mitchell and his two small sons, while at work clearing a piece of land on their place near Andalusia, were murderously attacked Tuesday morning by seven men, who, with knives and axes, cut and beat them until they fell to the ground unconscious. Mrs. Mitchell, wife and mother of the man and boys, arrived upon the scene a short time afterward bringing their dinner, and found them in an apparently dying condition, but succeeded in carrying them one at a time to their home. There one of the boys died and the father and other son are in a critical condition. The seven men named by Smith are alleged to be parties against whom he was recently a witness at Troy, where they were arraigned for illicit distilling. They had sworn to get revenge and gathering at a selected point proceeded to the field where they knew Mitchell and his two sons were at work and proceeded to assault them. Three of the parties, it is stated, have been arrested.

GOVERNOR'S VETO WAS OVERRULED BY SENATE

Republicans Joined With the Dry Democrats in Making Tennessee a Dry State.

NASHVILLE, Tenn., Jan. 21.—Over the veto of Gov. Patterson both houses of the Legislature yesterday passed the Senate bill which prohibits the sale of intoxicating liquors within four miles of a school house in Tennessee and is in effect a State-wide prohibition act. It is effective July 1, 1909. The vote in the Senate was the same as on the original passage.

The House acted yesterday afternoon, the vote standing 61 to 36, the original vote there having been 62 to 37. In each house the passage was effected through a combination of Republican and "State-wide" Democratic strength. The galleries were packed in both houses and the debates following the reading of the Governor's message were bitter.

The action of the Legislature practically brings to a close one of the most bitter and sensational political fights in the history of Tennessee.

State-wide prohibition was the main issue in the recent contest between Governor Patterson and the late E. W. Carmack for the Democratic gubernatorial nomination, and though Patterson, who advocated local option, won the nomination, the Legislature elected in November last at the same time that he was chosen has, after stormy times, gone against him. This came, however, with the aid of Republicans, who gave the bill twenty-two votes in the House and five in the Senate.

The bill to prohibit the manufacture of intoxicating liquors in Tennessee after January 1, 1910, passed the Senate yesterday and is expected to pass the House today.

BODY OF CARMACK WAS EXHUMED AFTER DARK

Surprise Sprung as Slayers of the Dead Senator Were Placed on Trial.

NASHVILLE, Tenn., Jan. 21.—With jurors accepted out of 160 examined when court adjourned last night, there was every prospect that the trial of Col. Duncan B. Cooper, his son, Robert J. Cooper, and former Sheriff John D. Sharpe, charged with the murder of former Senator Edward W. Carmack, will be in full swing before the week is over.

The readiness with which jurors were secured was a surprise to every one who had watched the progress of the trial. The rulings of Judge Hart, however, had not a little to do with the rapidity with which the proceedings moved. He began by finding the jury talesmen \$25 each.

Just as he took into his own hands the examination of those men who were to have formed an opinion, the prospective juror insisted that he could not render a fair verdict after hearing the testimony. Judge Hart held that he was a competent juror, and compelled either the juror or defense to exercise their right of peremptory challenge. The juror declared that whether or not he had an opinion in the case, he would swear he could lay aside and render a verdict on the evidence, he was a competent juror.

Cooper's Daughter in Court.

When the day's proceedings were over the State had exercised four of its peremptory challenges and the defense four of its seventy-two. The State was forced to challenge at least six men who qualified as jurors, but who admitted their friendship for some of the defendants and who in the opinion of the attorney-general, displayed too much eagerness to serve in the case.

At least twice during the examina-

tion it developed that some uniformed policeman had been canvassing prospective jurors and one talesman swore that this policeman, after questioning him carefully said, "you had better be careful how you serve up there."

Every time that the State's attorney spoke of "hanging the defendants," Col. Cooper's daughter showed by her drawn, tense expression and clinched hands that the question with its grim suggestion of a ghastly death for her father and brother sent the iron deep into her soul. She sat through the tedious hours, however, next to her father, now and then making whispered comments to the attorneys.

None of the relatives of Ex-Senator Carmack were in court.

Carmack's Body Exhumed.

It became known yesterday morning that the State had prepared a surprise for the defense by having had the body of Carmack exhumed secretly at night and an autopsy held.

When court opened both sides announced a readiness to proceed and Judge Hart ordered the panel sworn. The court room was crowded within ten minutes after the doors were thrown open.

The prisoners were escorted into the room after the preliminaries. Col. Cooper and his son entered arm in arm, while Sharpe followed them. The latter's wife and father greeted him affectionately. Mrs. Lucius Burch, daughter of Col. Cooper, met her father and brother with a cheerful smile, and seating herself between them conversed animatedly with them. Young Cooper seemed in splendid spirits. His father showed the effects of confinement.

Bury Very Hard to Obtain To Try Carmack Case

NASHVILLE, Tenn., Jan. 22.—The second day in the effort to secure a jury in the trial of Col. Duncan B. Cooper, his son, Robin Cooper, and former Sheriff John D. Sharpe, charged with the murder of former Senator Edward W. Carmack, closed with only six men in the box, a gain of but two over the day before. This was a distinct disappointment not only to the court, but to the attorneys on both sides.

The delay is attributed to two causes—one is that it happened that most of those examined yesterday are residents of Nashville, or vicinity, where the case has been fully discussed, and where most of the people have taken sides. The other reason is that few men are willing to serve upon a jury which is called to decide a case in which the feeling is so intense.

It is difficult to find men who do not know some of the defendants, especially John D. Sharpe, who was sheriff of this county for four years, and thus was thrown into contact with most of the citizens. Cooper, senior, too, has been in politics for years.

In spite of the bitter feeling be-

tween the two factions, there is apparently the best of feeling between the attorneys. There has not been the simplest dispute so far, and during recess or between sessions, counsel on both sides mingle freely. Unlike the night rider trials at Union City, only 150 miles away, there is no display of weapons. Even the deputy sheriffs on duty are unarmed and laugh at talk of trouble.

J. E. Curtis, one of the talesmen examined, when asked if he had any prejudice against the defendants, startled the court by exclaiming in loud voice: "Yes sir, they ought to have been hanged long ago."

When the name of A. Gotto was called, a deputy said: "Mr. Gotto just celebrated his 100th birthday yesterday and"—"I presume he is not over it yet," remarked the court. "We will excuse the young man."

When court adjourned the State had used seven of its eighteen peremptory challenges and the defense eleven of its seventy-two.

Greater Gainesville to Have Apartment Hotel

Another hotel is to be added to the city which will no doubt not only prove a paying investment for the proprietor of the building, but the lease as well.

The old White House, which was originally built for hotel purposes, is to be remodelled and put in first-class shape for a hotel by the owner of the building, J. B. Padgett.

While he has not decided on making any additions to the building, it is already amply large enough to supply

any ordinary demand that would be required of the building. It will contain about forty rooms and will be used principally as a lodging house, where medium priced rooms can be obtained.

The entire building has for the past few years been used exclusively by the Pepper Printing Company, but they will hereafter occupy only the lower floor, and the second and third stories will be used for hotel purposes.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is in reality an internal inflammation—a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. Uric acid, an irritating, inflammatory accumulation, gets into the circulation because of physical irregularities, and then instead of nourishing and invigorating the body, the blood irritates and inflames the different nerves, tissues, muscles and joints, because of its impure, acrid condition. The pains and aches and other disagreeable and dangerous symptoms of Rheumatism can never be permanently cured until every particle of the cause is driven from the blood. S. S. S. does this because it is a perfect blood purifier. It goes down to the very bottom of the trouble, purifies and cleanses the circulation, invigorates the blood, and completely drives Rheumatism from the system. Plasters, liniments, soothing lotions, etc., may be used for the temporary relief and comfort they bring, but a cure cannot be effected until S. S. S. has removed the cause. It frees the blood of every impurity and makes it a rich, health sustaining fluid, to bring permanent relief and comfort to those who suffer with Rheumatism. Warm Weather Endangers The Georgia Fruit Crop

ATLANTA, Jan. 22.—While there has been no material damage to Georgia's peach crop to date, it is verging on the danger line and unless the weather goes colder, within the next few days the destruction is liable to be extensive. This is the view taken by State Entomologist E. L. Worsham who has received a number of reports to the effect the trees here and there have already burst into bloom.

So far, however, this has happened only in isolated cases principally in South Georgia though one or two trees have blossomed around Atlanta. "Ten days more of this warm weather and the destruction will be extensive if not almost complete," said Mr. Worsham when asked about the peach situation yesterday. "So far the buds are not sufficiently advanced to be affected by a freeze but, of course, every day of this high temperature

brings them out gradually more and more, and if this continues for ten days I am afraid it will be all over with the Georgia crop or, at least, the larger part of it.

"Of course, we don't anticipate any thing of the kind; it would be almost unprecedented. So far only a few trees have bloomed as is usually the case with the first warm spell of the winter, but these are not enough to pay attention to except as an indication of the possibilities should the warm spell be of exceptional duration."

There have been many inquiries about the effect of this sort of weather on the peach crop. The only thing that can be said as is apparent from Mr. Worsham's statement is that it is safe so far and its future will depend on the sort of weather it has to contend with. If the trees should bloom now the first frost would mean an end of the 1909 crop.

Crown were held at Evergreen cemetery on Thursday, and a large number of Gainesville friends joined the Rocky Point people at the cemetery. The funeral services were preached by Rev. S. B. Rogers and the remains were in charge of Undertaker Thomas.
